

Episode 11

The plan
is going
smoothly

It's a a
small job
before the
big
job

A test
team?

...yes

We have
stationed the
test team of
the Aswan to
escort the
transport ship

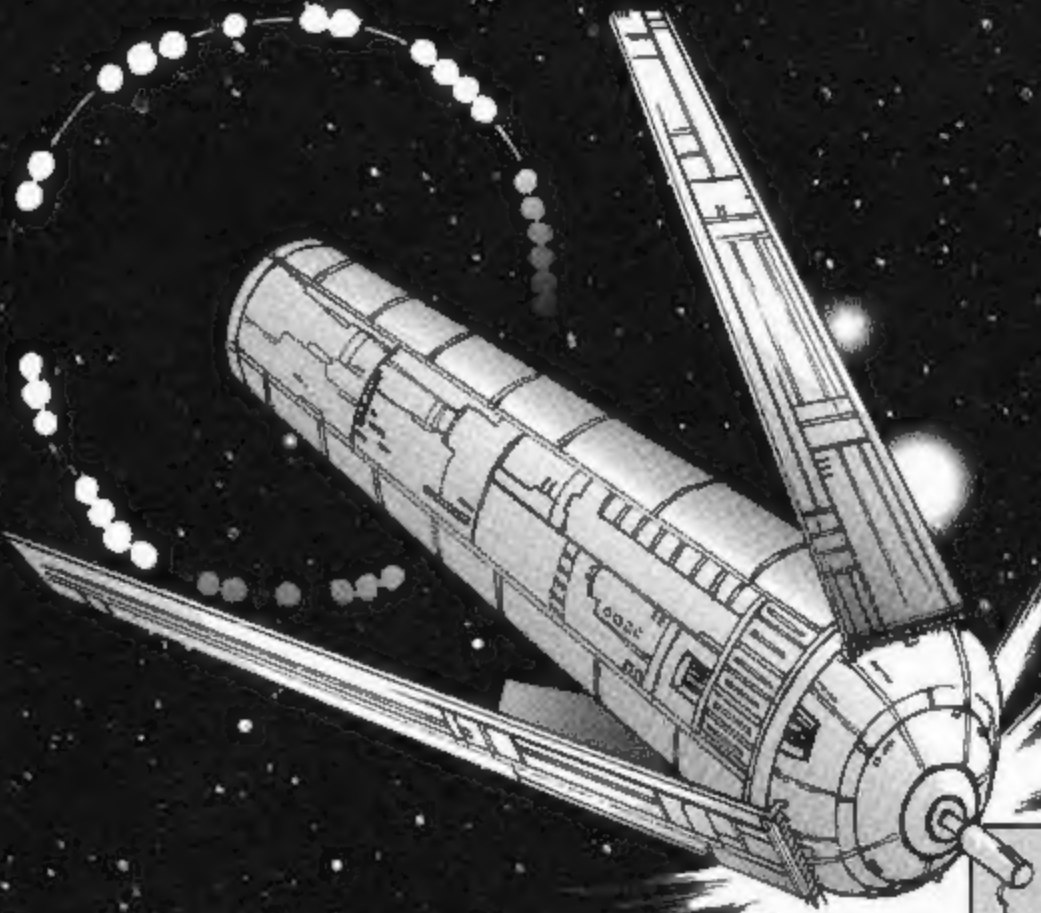

or
That's
good

There's a
Gundam
type, for
tes type...
It was
called
Black
rabbit

Since it's a
big job which
will be written
in history

A big job?
—No

The fact
that a
Gundam is
involved in
this
mission
is
symbolic

Side 1
Banch 30

It got the base
of the Anti
Earth Federa-
tion activities
which got
active in the
recent years

Episode 11

00850731

Their main goal
was to gain
independence
for the
spacenoids

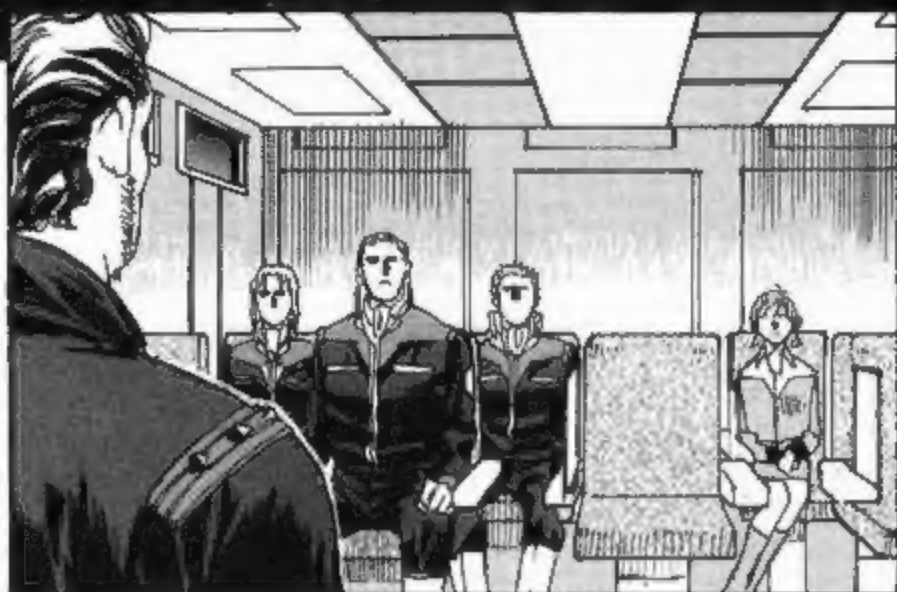

The Black rabbit
team got the
mission to escort
a transport ship
to Side 1

U.C.008507 "Aswan"

At Side 1,
there is a
base of the
Anti Earth
Federation
government
movement

So take
care

And since
there is an
information, that
these resistant
groups are working
together with
the Zeon
remnants

What is the freight the cargo ship is carrying be

was supposed to be commander of Apollo 14 in late 1970. The commander of Apollo 13.

Must be an important thing to be escorted by MS...

like that additional armor

The Zaku?

Let's take a look at it!

The new model has arrived in the hangar

How's it with a secretly developed secret weapon!?

You're reading too many gossip articles

When it is applied by the Titans, it will replace the GM

It seems to be well done

"Hi-Zack"

Cappy likes such things

since it joins Black rabbit, you should at least learn the name

It's Hi-Zack

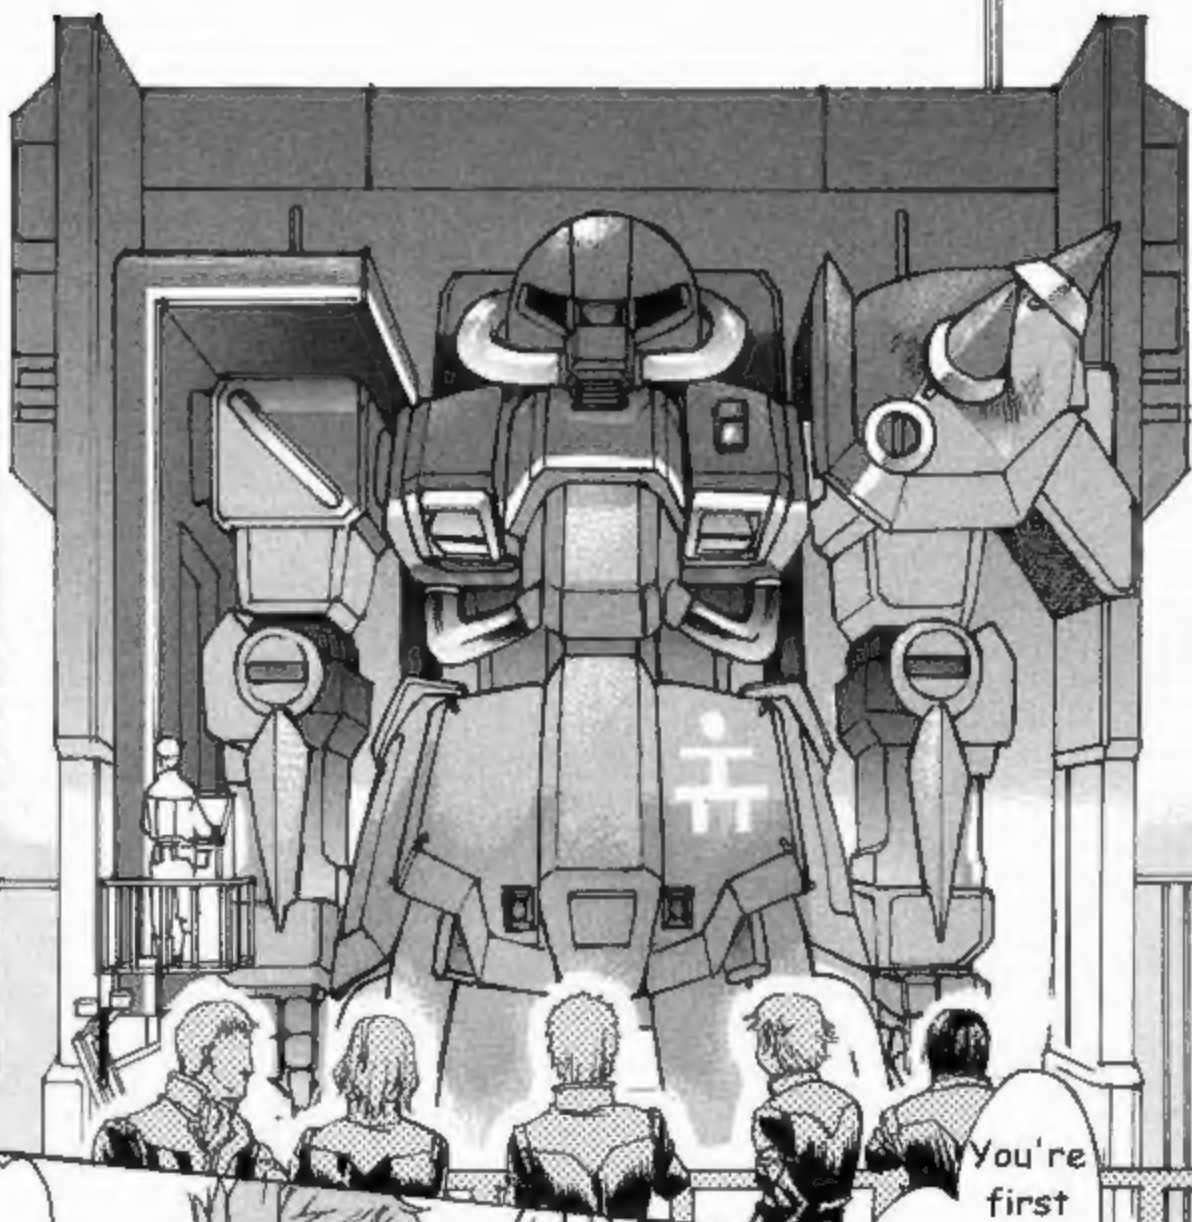

So a Gundam and a Zaku in one Team

They just changed the name

Then let's see that dreadful thing

I... I can't. My body won't accept that

...Oh

You...

Have decided
to select the
best possible
choice

to fight to
survive

...I

No, that's
not it!

Right
or...

Was it
that a big
shock that
the Zaku
escaped at
Side 1

It is sad
for the new
machine
when it is
disliked by
the pilots

I defi-
nitely
not!

The team
leader has
the TR-1
so

Then who
will ride it?

Yes!

It's still better than when he would not care about the crew

Was I scared

Normally, a captain doesn't come to the hangar if he has no business, or?

Start to prepare to move out!

It doesn't fit your character...

That's suspicious or?

Why did he found out, that it were the words of our team leader?

Eliard, Carl

Audrey

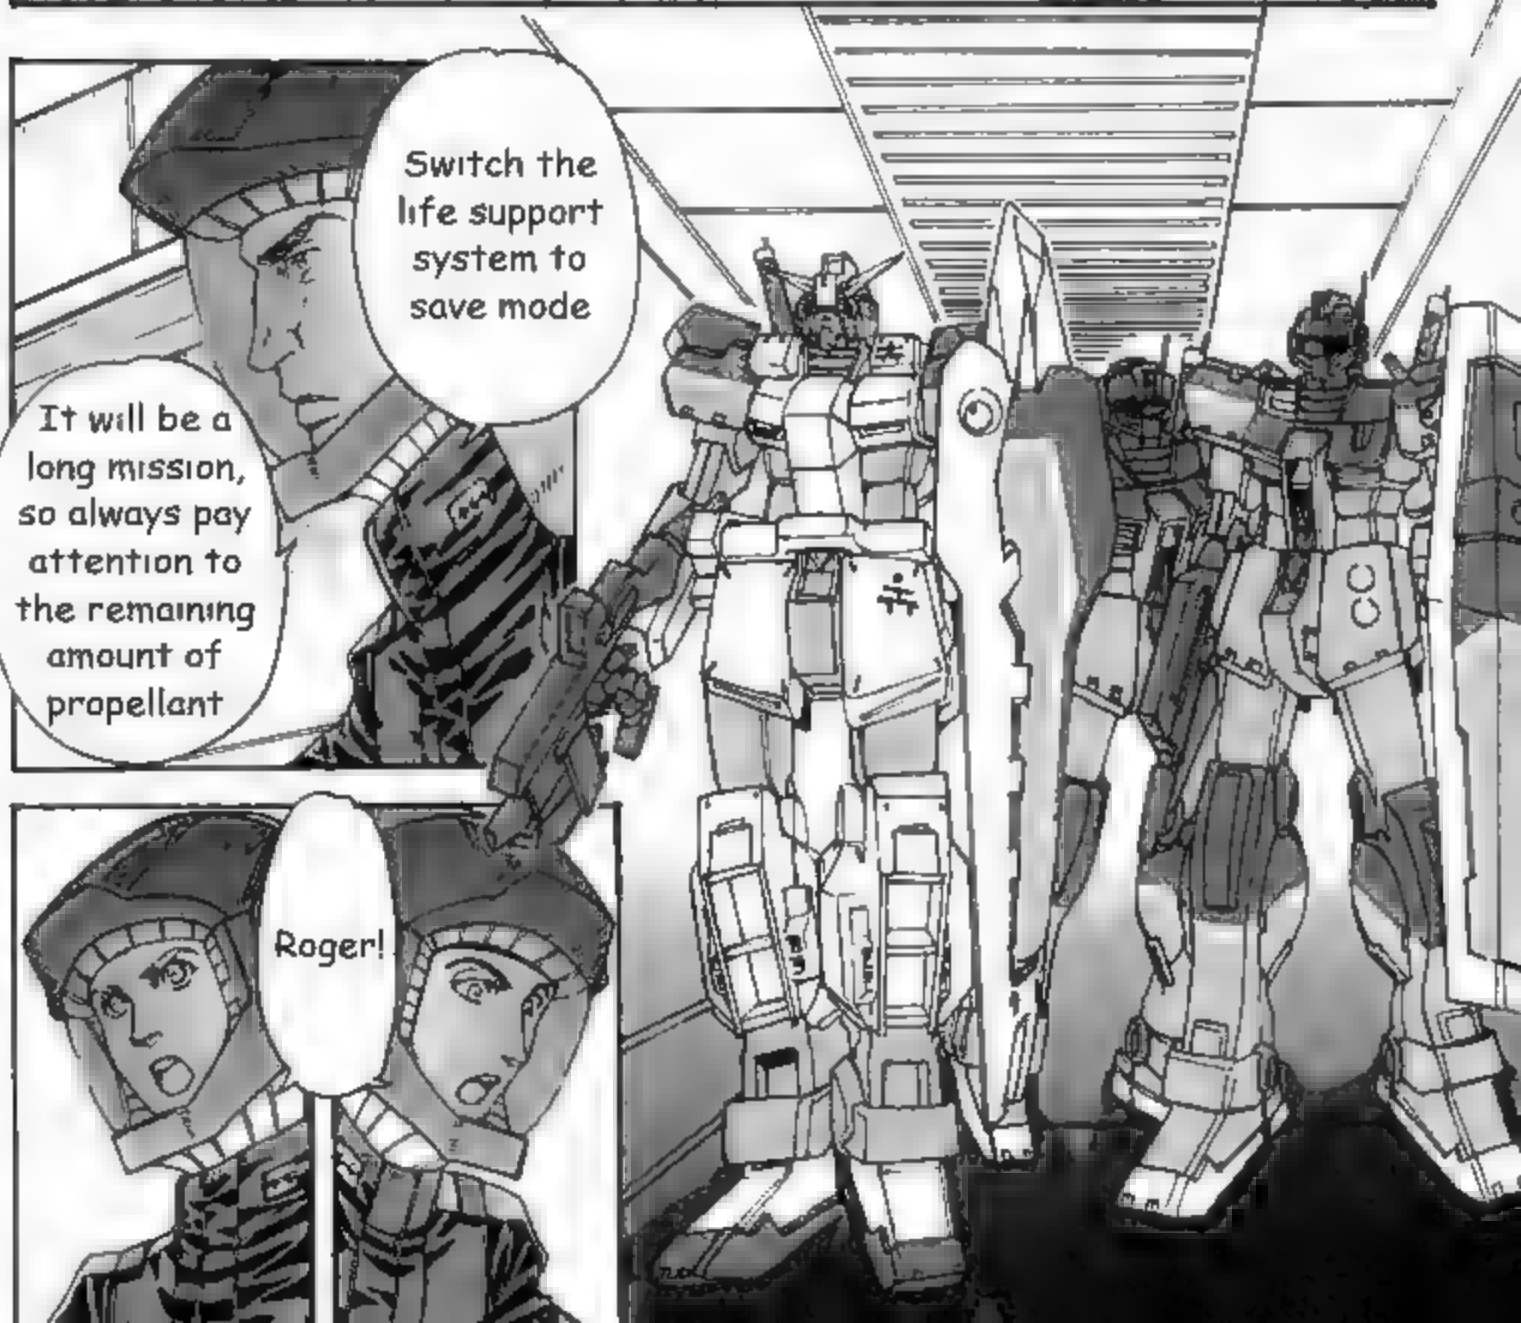

It says
there's no
trouble and we
are proceeding
as scheduled

How's the
scheduled
message
from the
transport
ship?

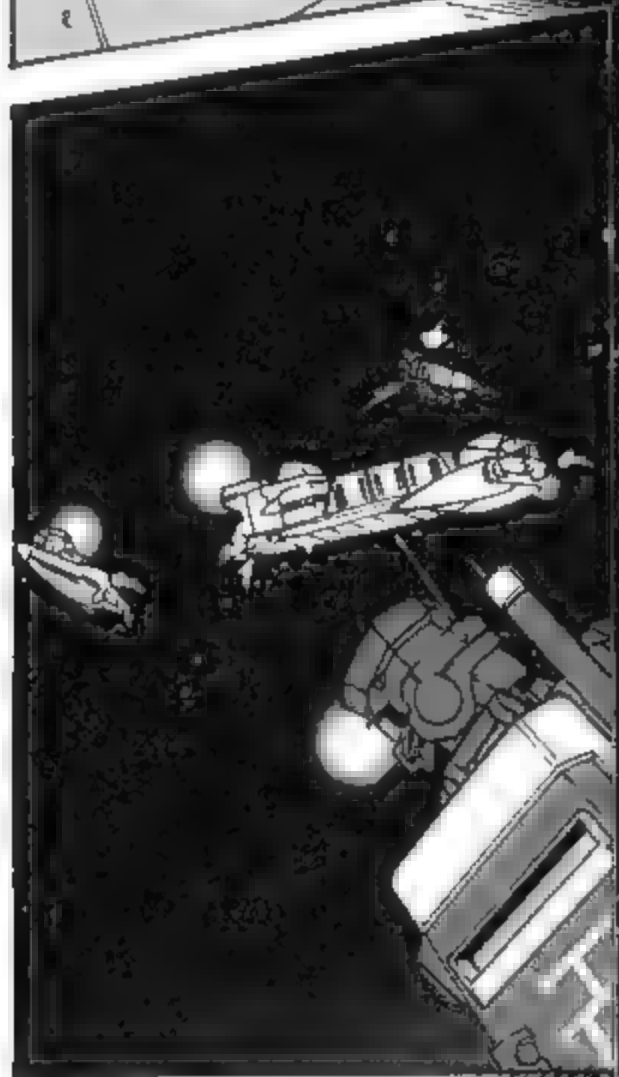

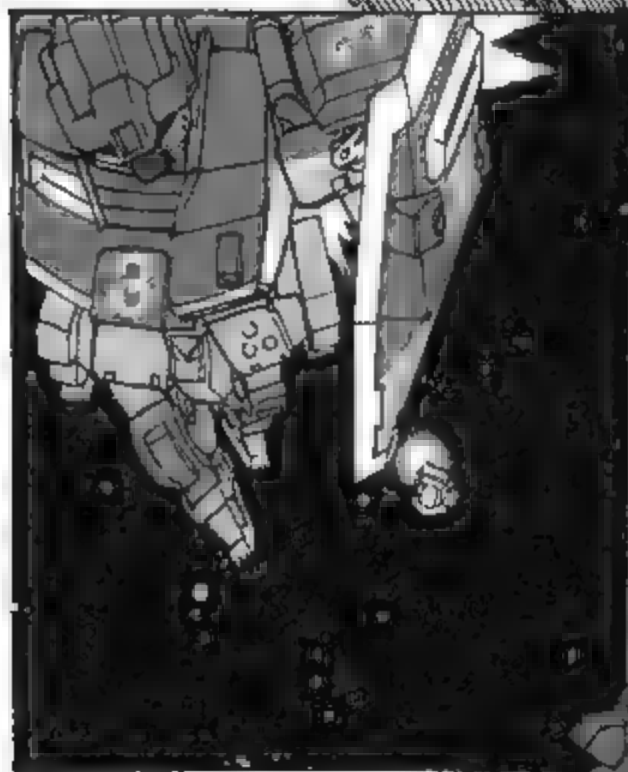

Black rabbit
has finished
preparations
to launch

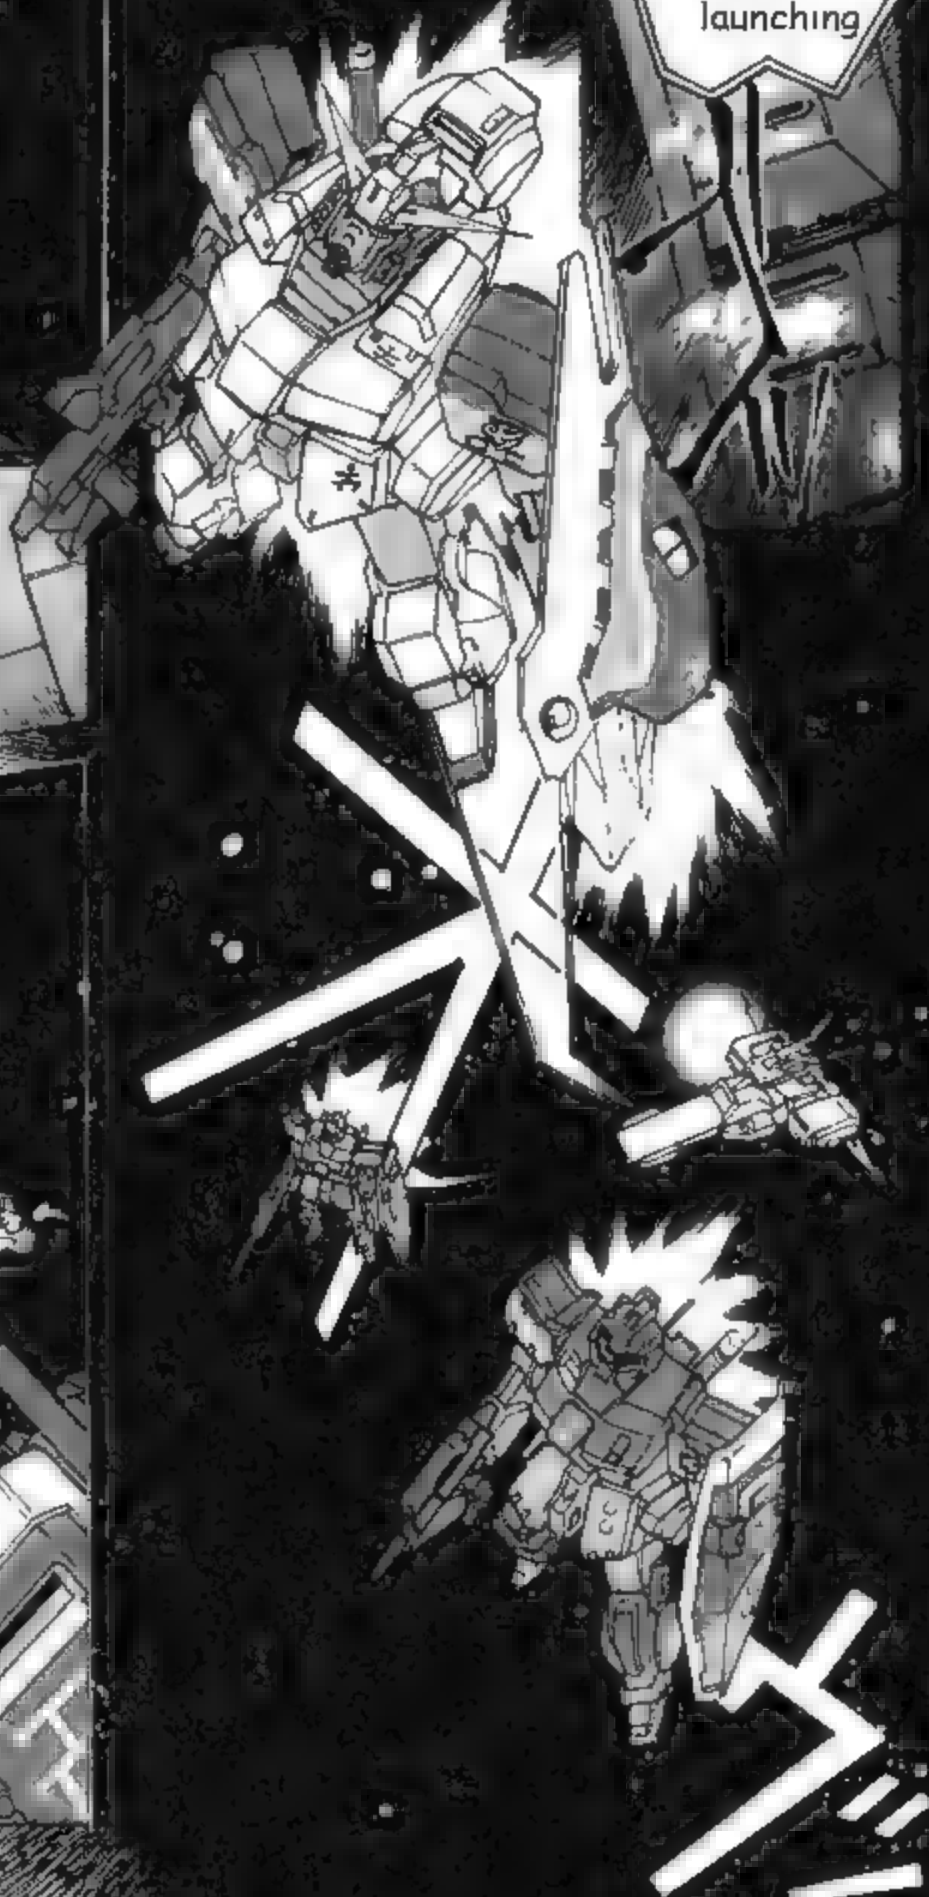

Switch the
life support
system to
save mode

It will be a
long mission,
so always pay
attention to
the remaining
amount of
propellant

Roger!

The trans-
port ship will
begin to
accelerate in
10 minutes
We're
launching

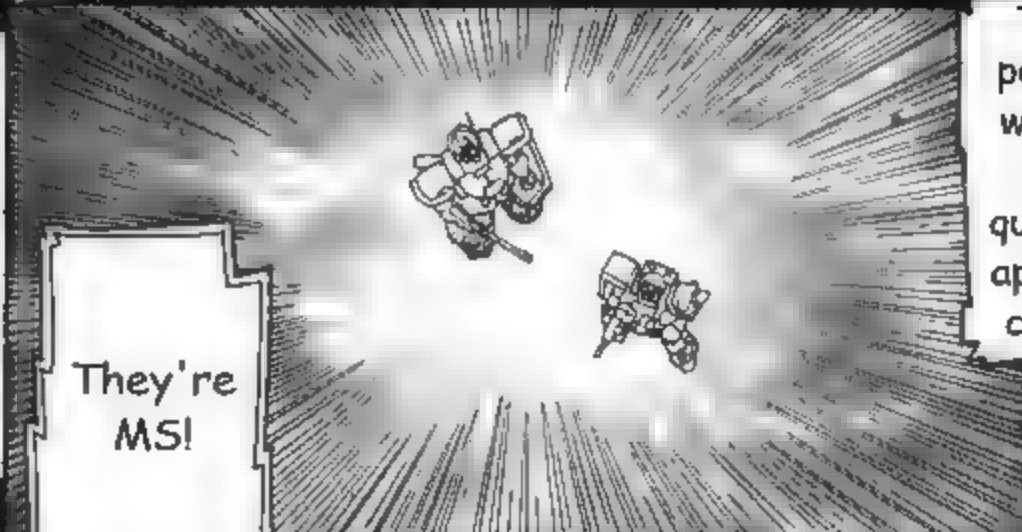

On
planetary
orbit, on
12 o'clock

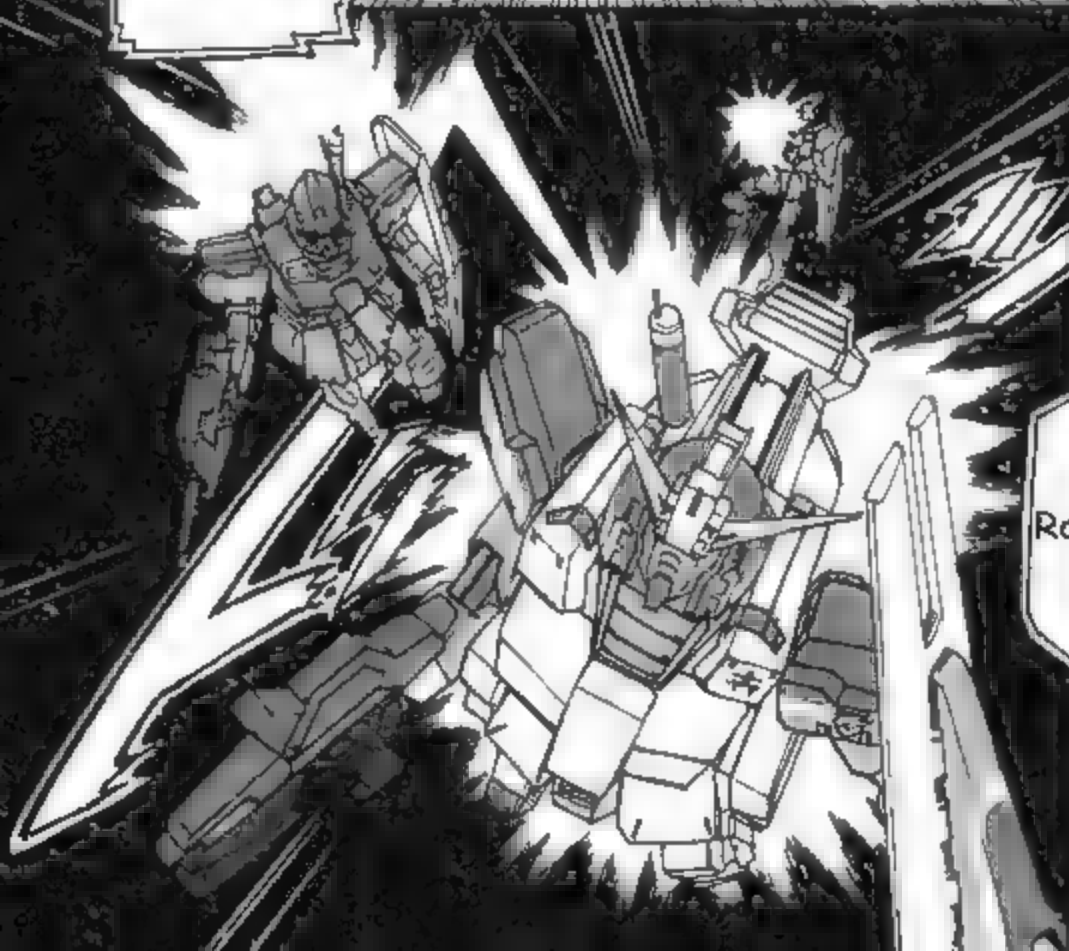

Carl's
sense
was
wrong

It
doesn't
seem to
be a
secret
weapon

They're
MS!

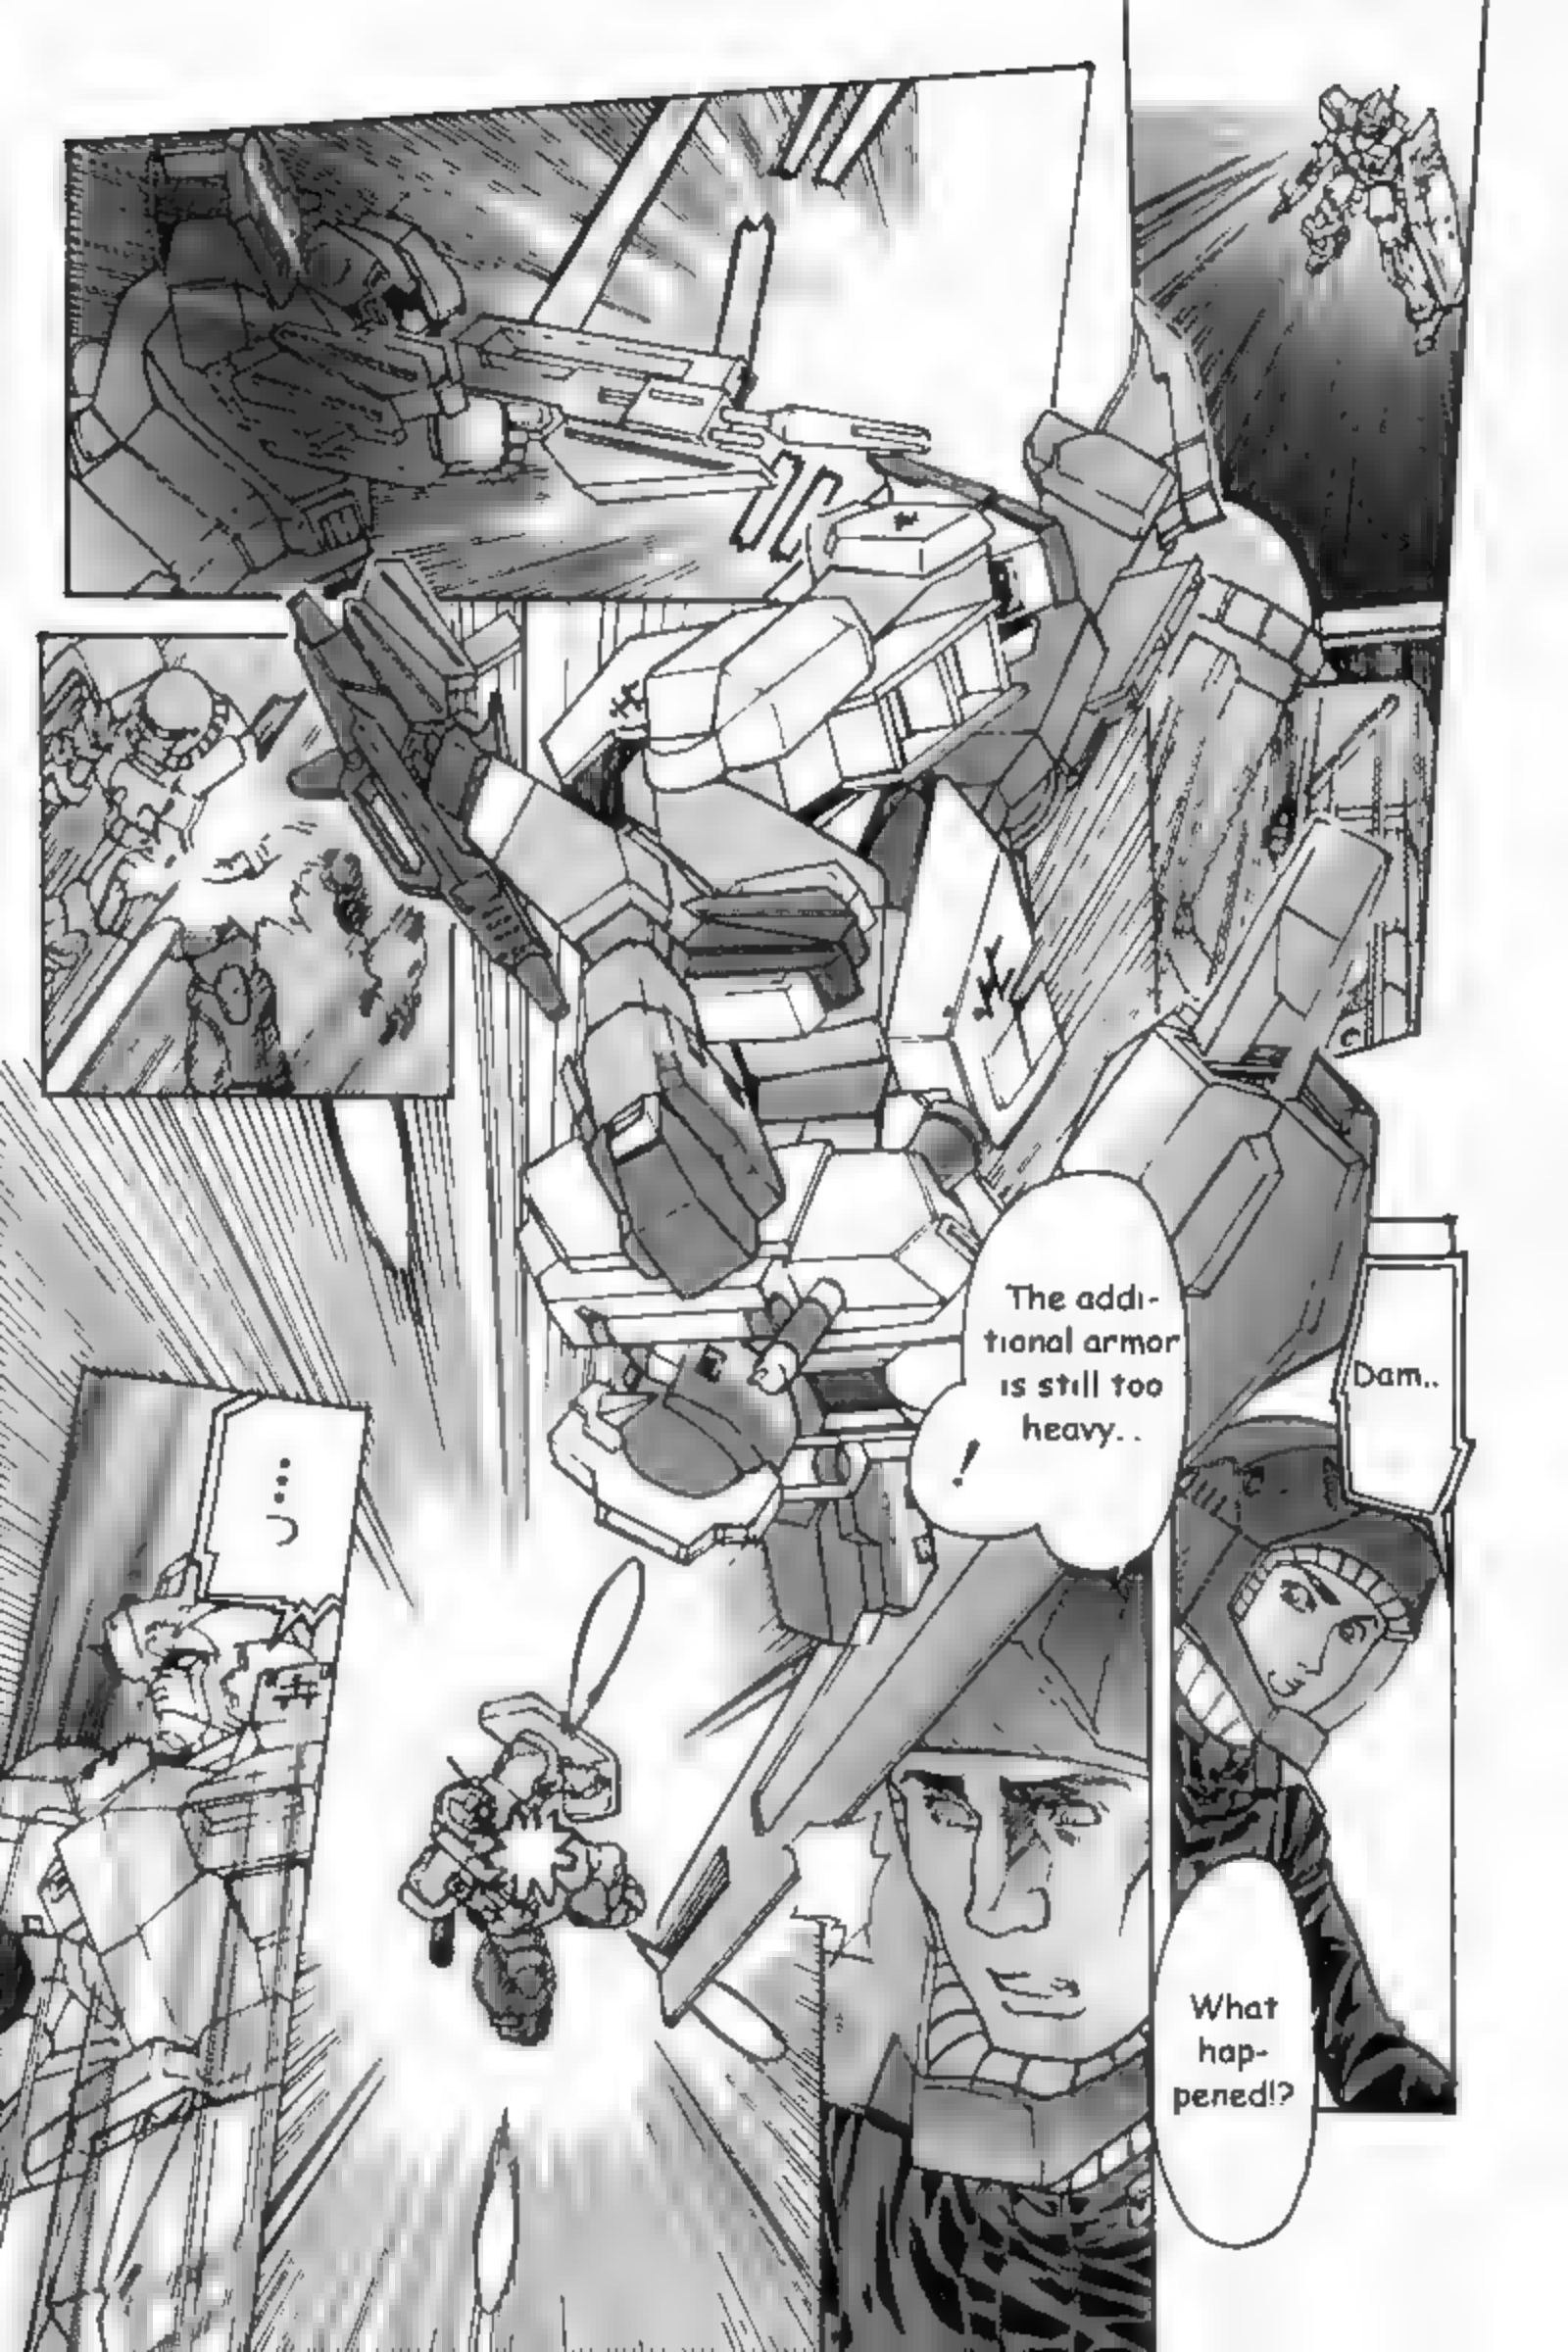

Two
points
which
are
quickly
approa
ching

Eliard,
we're
going
forward
support

Roger!

The additional armor is still too heavy..

Dam..

What happened!?

Team
leader...!

To be continued
